Our Vision

We have always believed in unmatched quality packaging because that's what builds a brand.

We work with a constant vision of adding value to the packaging sector by offering integrated solutions for packaging.

We aim at exceeding customer expectations while striving to meet the requirements of the constantly changing and challenging industry.

Product Range

We wish to expand our horizons and manufacturing units to help cater constantly to the FMCG industry which is rapidly growing – Food. As of now we make PET bottles, Jars and PP bottles which could be used in packaging Food products, Juices, Water, Home care, Oil and more.

Our reliability in service and quality commitment has gained us unparalleled reputation among the consumers for our product range.

Company Profile

At **PAXAL** we are committed to delivering top-notch quality with consistency. Within a span of a just a few years,

PAXAL has emerged to be a successful set-up producing nonpareil quality products. We understand and analyze the requirements of our clients in-depth and then we go out of our way to customize our design and packaging to deliver the best products and solutions.

We would be your one-stop solution for key services like sourcing plastic containers, packaging designs, fulfillment of bulk orders and more.
